

# McCoy Workplace Solutions

McCoy Inc. was founded in 1972. We got our start by servicing and installing office furniture. Even though we are primarily known today as a furniture company, it was really service that started our success story; and to this day, service remains the backbone of our business.

In 1981, a milestone event happened. We began selling office furniture manufactured by Steelcase, the largest furniture manufacturer in the world.

In 1985, Thad Minyard, Stan Bunting and Sandy Saxe purchased the company from its original owner, Henry McCoy. Houston experienced an economic downturn during the 80's, but McCoy thrived.

In 1991, we began a new adventure with the creation of our floor covering division. We offer carpet, resilient floors, ceramic tiles and wood flooring, as well as providing our own maintenance program.

In 1993, we made the headlines again when we purchased our largest competitor, Wilson Business Products. Shortly thereafter, we became the only Steelcase dealer in the Houston market and that remains today.

In 1994, McCoy won the Steelcase Exemplary Dealer Award. This award recognized McCoy's accomplishments in many areas including strategic planning, management practices, customer focus, financial condition, and commitment to quality improvement. The application for this award is so tough that only 15 of the 450 Steelcase dealers across the country submitted applications for the award. McCoy Inc. was one of the four winners. The trophy is proudly displayed in our showroom.

On January 1, 1998, our name was officially changed to McCoy Workplace Solutions.

McCoy owners are active in every aspect of the day-to-day operations of the company. The owners are: Stan Bunting, President & CEO, Scott Skrabanek, CFO & COO, Ken Beaver, VP of Sales & Marketing, Phil Kellen, President of McCoy Floor Covering and Kristie Trice, VP of Human Resources.

McCoy is proud of its leading position in the office furniture and service business. To support this commitment, we participate in community and charitable events by way of employee involvement and financial contributions.

As a corporation, McCoy donates significant monies to Houston charities and nonprofit organizations. The 60 plus benefactor organizations include the Shell Houston Open Golf Tournament, The United Way, Houston Grand Opera, Rice Design Alliance, The Heritage Society, AIDS Alliance, The Cystic Fibrosis Foundation, Houston Livestock Show & Rodeo, Junior Achievement, Elves & More and The Escape Center.

Since 1972
